

Custom

Exterior Printing

Durable and weatherproof printing for external use

Hard wearing exterior print coated to withstand the elements

Exterior Coating

Raw Inkk uses a high performance polyurethane clear coating that maintains the quality of the print. The coating provides exceptional graffiti resistance, which is easy to clean and has low dirt pickup technology.

This coating is efficient in protecting a range of surfaces in external environments. We ensure that it gives the best level of satisfaction, and peace-of-mind to architects and shopfitters.

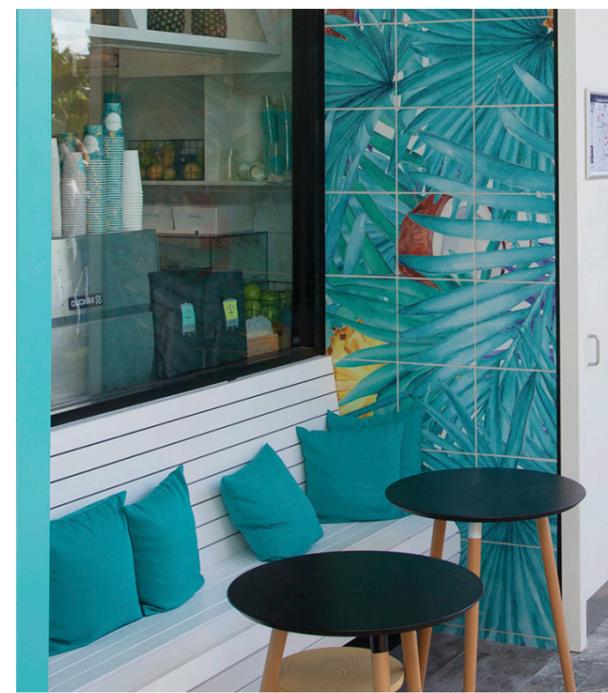

Durable & Weatherproof

We provide a range of exterior printed products designed to withstand the elements. These specialised designs are coated with a polyurethane clear coating which is applied to form a UV-resistant layer. This protective layer ensures longevity of the print

Top-of-the-range quality—
that's our promise

Quality Guarantee

We assure you of the enduring quality of our prints. We take pride in delivering top-of-the-range quality and are committed to promptly addressing any concerns or complaints.

Trust Raw Inkk for lasting excellence in every print, guaranteeing unmatched quality and durability.
