

Local Government & Leisure Facilities Projects

Alba Thermal Springs & Spa is a luxurious wellbeing facility featuring 31 pools — including geothermal, cold plunge, herbal infused pools and salt baths.

BUILDER

Minicon

ARCHITECT

Hayball

LOCATION

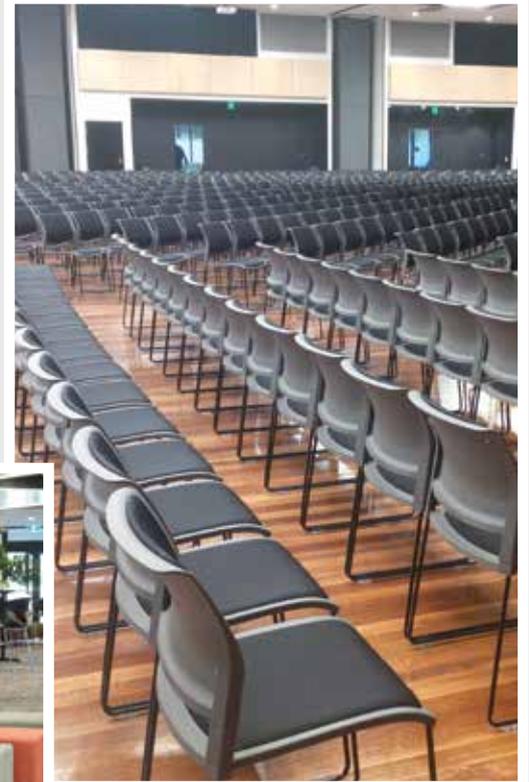

Fingal, Victoria

SCOPE

IntraSpace worked with Minicon, to design, supply and install the Alba Thermal Springs & Spa project. These lockers are all customised to client requirements — from the compact laminate doors with engraved numbers, to integrated lighting top and bottom. IntraSpace set up RFID swipe card or wristband access which allows patrons to put their valuables inside, lock them away and wear the water resistant wristband when in the water.

The AquaPulse and Encore Events Centre is a multi-purpose venue with space for any occasion while AquaPulse provides health and fitness facilities for people of all ages.

BUILDER

ADCO Constructions

ARCHITECT

Wyndham Council/IntraSpace

LOCATION

Hoppers Crossing, Victoria

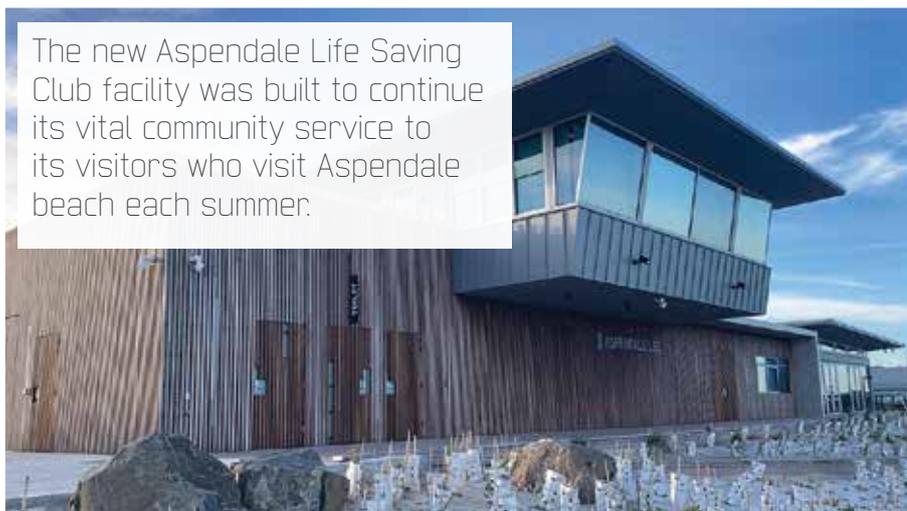

SCOPE

IntraSpace worked together with Adco Constructions and the Wyndham City Council to design, specify and install Office Furniture, Seating, Shelving and Storage Furniture.

- \ Pigeonhole Units
- \ Workstations
- \ 900 Auditorium Chairs
- \ Folding Tables
- \ Office Fitouts
- \ Static Shelving

The new Aspendale Life Saving Club facility was built to continue its vital community service to its visitors who visit Aspendale beach each summer.

BUILDER

2Construct

ARCHITECT

NBRS Architecture

LOCATION

Aspendale, Victoria

SCOPE

Bench seating and coat hooks were supplied and installed in both male and female changerooms at Aspendale Life Saving Club.

The newly finished Bellfield Community Hub is a project recently completed by IntraSpace. This was delivered in collaboration with the Banyule City Council to offer services to the families in the local community.

CLIENT

Banyule City Council

ARCHITECT

k20 Architecture

LOCATION

Bellfield, Victoria

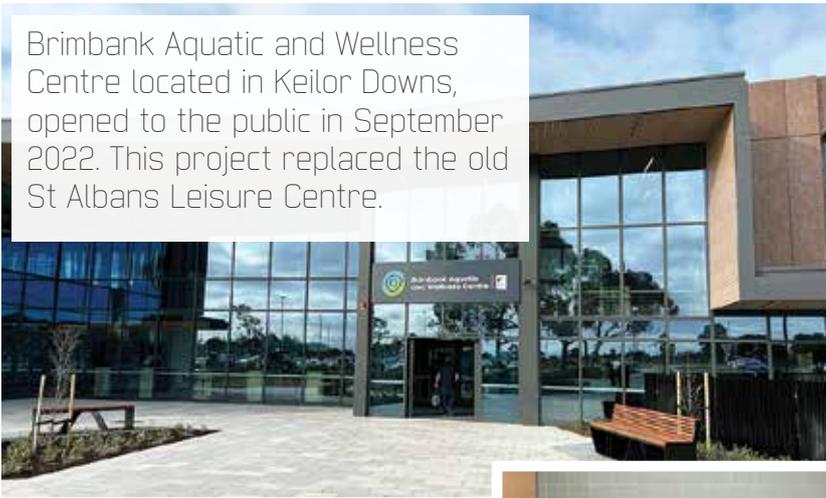

SCOPE

The Bellfield Community Hub has multiple spaces for hire, including large community spaces that have been designed specifically with the local community in mind.

IntraSpace supplied and installed a range of furniture and fittings – from soft seating and kinder furniture right through to trampolines, tricycles and even a chicken coop!

Brimbank Aquatic and Wellness Centre located in Keilor Downs, opened to the public in September 2022. This project replaced the old St Albans Leisure Centre.

BUILDER

ADCO Constructions

ARCHITECT

Williams Ross Architects

LOCATION

Keilor Downs, Victoria

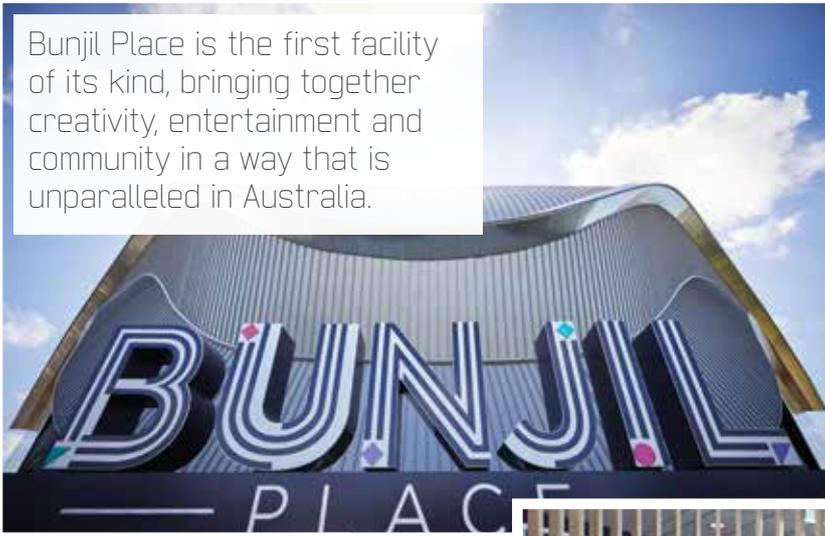

SCOPE

The centre comprises of an Olympic-sized swimming pool, water slides, health club across two levels, group fitness studios for classes, separate spa, steam room, sauna, wellness centres. There's a kids' splash park, café with dining areas, community program room and more.

IntraSpace supplied and installed RFID lockers, open shelving, changing rooms benches and coat hangers.

Bunjil Place is the first facility of its kind, bringing together creativity, entertainment and community in a way that is unparalleled in Australia.

BUILDER

Multiplex

ARCHITECT

FJMT

LOCATION

Narre Warren, Victoria

SCOPE

IntraSpace worked closely with Multiplex, FJMT and City of Casey to provide a range of stunning furniture and modular pod seating. Our range of Motion soft seating provides areas for people to socialise or complete short mobile tasks in a relaxed environment.

The Centre for National Resilience is purpose built for quarantine arrangements and as emergency accommodation during natural disasters or future health crises.

BUILDER

Multiplex

ARCHITECT

Billard Leece Partnership/AECOM

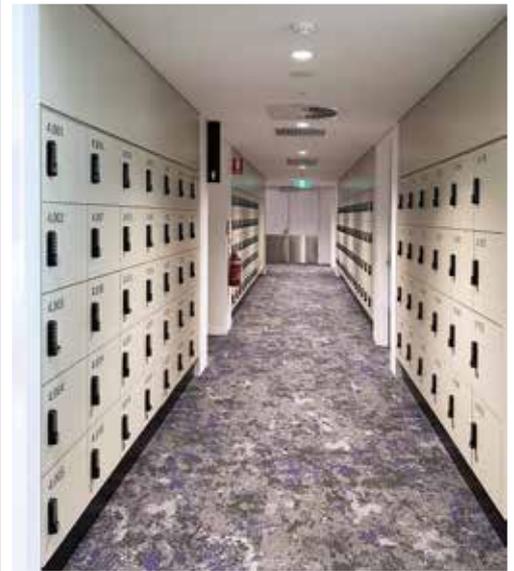

LOCATIONS

Mickleham, Victoria
Bullsbrook, Western Australia
Pinkenba, Queensland

SCOPE

IntraSpace recently completed a project with Multiplex at the Centre for National Resilience located in Mickleham, Victoria. We supplied and fitted the lockers within the purpose-built facility which will augment existing quarantine arrangements during a pandemic and remain available to respond to future health crises or natural disasters.

The 'Wurriki Nyal' Civic Precinct for the City of Greater Geelong (CoGG) provides a purpose-built Council Hub and Civic Space..

CLIENT

City of Greater Geelong

LOCATION

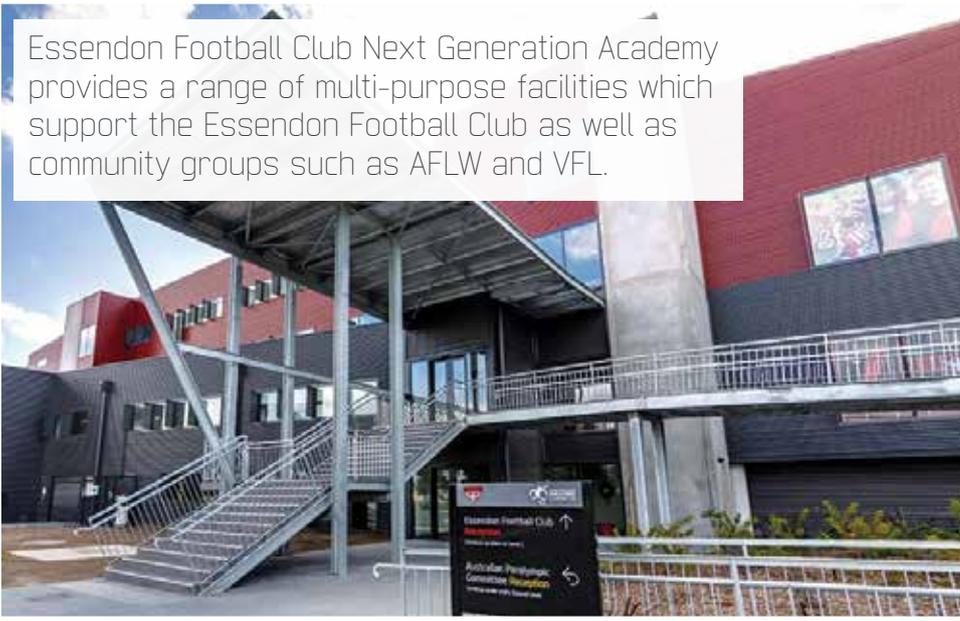

Geelong, Victoria

SCOPE

This project at the City of Greater Geelong's new Wurriki Nyal Building is a full locker project with the full built-in look — bulkheads to the ceiling and set up for hot lockers, so the locker number corresponds with the number on the workstation.

Essendon Football Club Next Generation Academy provides a range of multi-purpose facilities which support the Essendon Football Club as well as community groups such as AFLW and VFL.

BUILDER

Harris HMC

ARCHITECT

Jackson Architecture

LOCATION

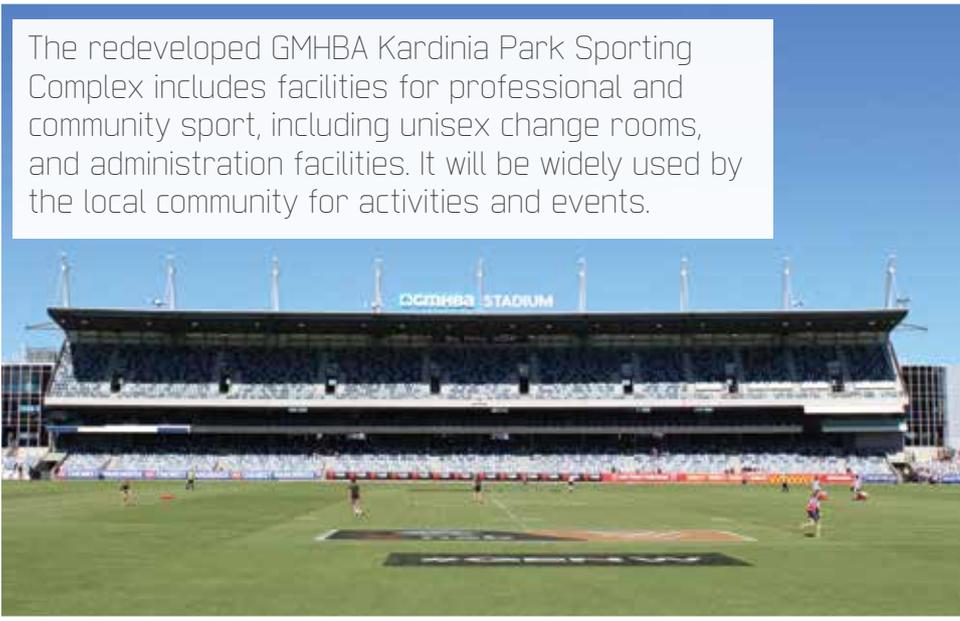

Tullamarine, Victoria

SCOPE

Lockers were supplied and installed by IntraSpace with smart locks at Essendon Football Club allowing players to set a pin on any locker during their training or game session.

The redeveloped GMHBA Kardinia Park Sporting Complex includes facilities for professional and community sport, including unisex change rooms, and administration facilities. It will be widely used by the local community for activities and events.

BUILDER

BESIX Watpac

LOCATION

Geelong, Victoria

SCOPE

IntraSpace worked with BESIX Watpac Constructions to design, manufacture, supply and install new Lockers for the staff areas of the Geelong Football Club within the GMHBA Kardinia Park Sporting Complex. We worked closely with the joiner on the project to ensure a seamless user interface between the staff and players change areas in the complex.

Located in the Melbourne suburb of Craigieburn, the \$109 million facility strengthens FRV's position as a leader within the emergency services industry through the adoption and promotion of new technologies and the development of new training initiatives.

BUILDER

FRV

ARCHITECT

FRV

LOCATION

Craigieburn, Melbourne

SCOPE

Providing the larger personal emergency services style of metal lockers as well as traditional laminate & metal lockers and metal pigeon hole units, IntraSpace is pleased to assist Fire Rescue Victoria with their ongoing storage needs.

The Gippsland Regional Aquatic Centre (GRAC) is the centrepiece of the Latrobe Valley Authority's \$85 million sports and infrastructure package.

BUILDER

ADCO Constructions

ARCHITECT

Peddle Thorp

LOCATION

Traralgon, Victoria

SCOPE

It was great to be involved with the new \$57 million Gippsland Aquatic Centre, recently completed. A world-class centre which is a great addition to the Latrobe City area.

IntraSpace worked with Adco Constructions to design, supply, and install the locker solution with keyless locks and the bench seating in the changeroom and pool areas.

Another successful project delivered on time.

The City of Hume is a local government area which includes the outer north-western suburbs and a number of rural localities between 13 and 40 kilometres from the Melbourne city centre.

CLIENT

Hume City Council

LOCATION

Broadmeadows, Victoria

SCOPE

IntraSpace was engaged to design, manufacture, supply and install of lockers in Broadmeadows and Craigieburn offices.

The complexity of the job was the live working environment where the works needed to be carried out causing minimum disturbance to the staff.

This meant IntraSpace carrying out after hours or early morning deliveries, using tools that are right for the areas, hoarding off areas from staff.

This new youth justice facility is an essential part of the Victorian Government's commitment to improving community safety and modernising Victoria's youth justice system.

BUILDER

John Holland

LOCATION

Little River, Victoria

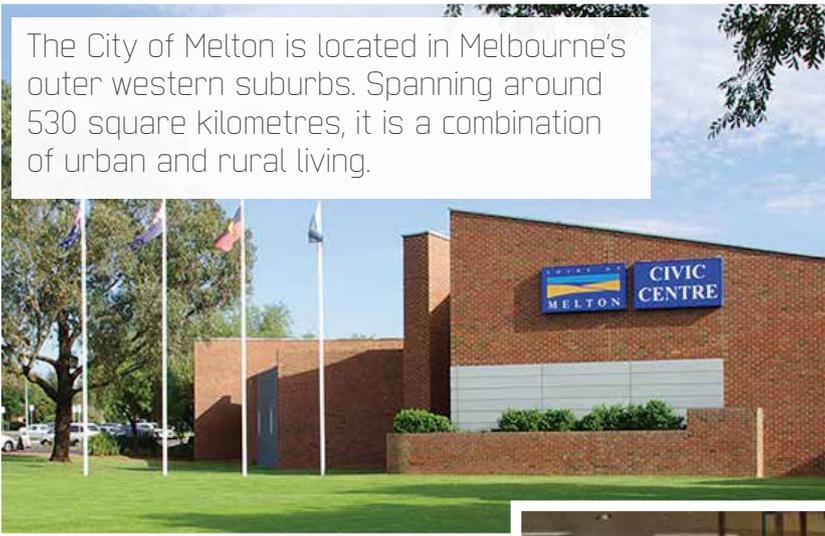

SCOPE

IntraSpace has recently worked with a Tier 1 Builder to fit out a package of whitegoods, gym equipment and other medical equipment at a justice centre.

The project was a full supply, deliver and installation. This involved specialist equipment such as a full dentist chair and equipment, remote control basketball hoops and scoreboard, body scanners, and full metal table tennis tables, just to name a few. All completed on time for a successful handover.

The City of Melton is located in Melbourne's outer western suburbs. Spanning around 530 square kilometres, it is a combination of urban and rural living.

CLIENT

Melton City Council

LOCATIONS

Aintree, Caroline Springs, Diggers Rest, Fraser Rise, Melton, Taylors Hill, and Truganina, Victoria

SCOPE

IntraSpace supplied, delivered and installed desks in the training room and workstations into their Capital Area. Seating and workstations for the Community Area Managers Office. This included all softwiring required for the desks, working closely with the appointed electrician on site.

The Mildura Sporting Precinct will, for the first time, provide a central home for a number of indoor sporting user groups in the district. The facility will provide a venue for major events including concerts and regional and national sporting events.

BUILDER

Commercial Industrial Construction Group Pty Ltd

ARCHITECT

Co-Op Studio

LOCATION

Mildura, Victoria

SCOPE

IntraSpace was awarded with the fit out of bench seating to all change rooms. The bench seats were finished with Spotted Gum slats and a Black powder coated frame. The middle benches are fitted with locking castors for easy moving.

The Northern Aquatic and Community Hub is a space with state-of-the-art facilities for leisure and recreation activities, cultural and community events.

BUILDER

Kane Constructions

ARCHITECT

DWP (Design Worldwide Partnership)

LOCATION

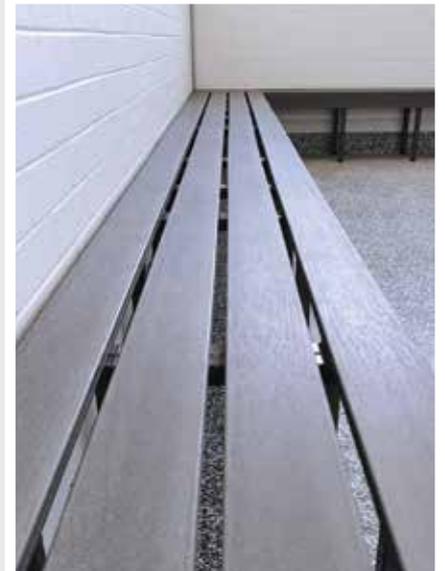

Geelong, Victoria

SCOPE

The multi-purpose community space includes a 25-metre pool, smaller pools, water play area and waterslide. Separate spa, sauna, and steam room. A gymnasium, program rooms and occasional care facilities.

IntraSpace supplied and installed fully integrated locking solution by Metra including Paywave. Project also includes the manufacture and installation of lockers and bench seating.

The Officer Recreation Reserve is being reconstructed to enhance the quality of the oval's surface, which will allow football to be played throughout winter and give the cricket club a perfect playing surface in summer.

BUILDER

Total Construction

ARCHITECT

CohenLeigh Architects

LOCATION

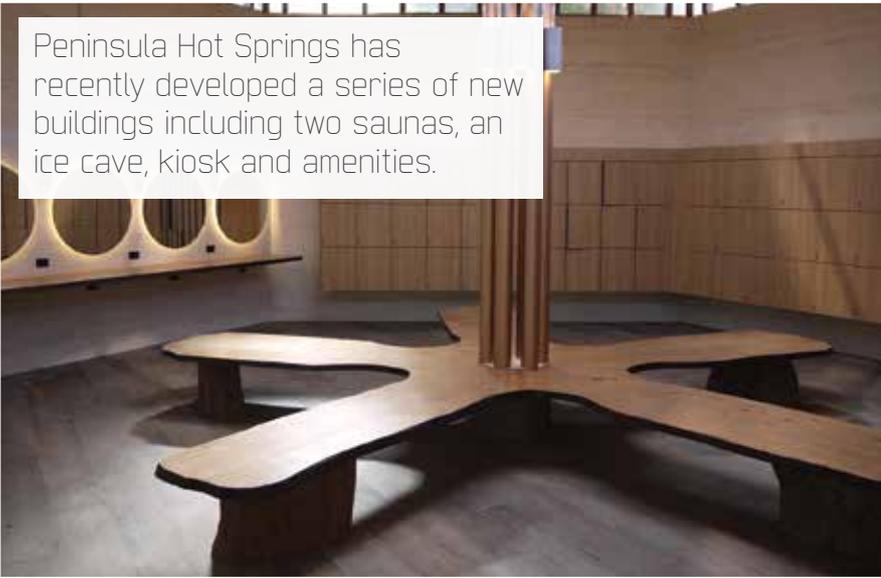

Officer, Victoria

SCOPE

IntraSpace worked in conjunction with the builder to supply and install all the Bench Seating and Coat Hooks in the 2 main change rooms, umpires rooms and bathrooms throughout the facility. The decision to use ModWood was easy. Modwood has revolutionised the look and feel of outdoor areas. Highly versatile, ModWood blends beautifully with any architectural style.

Peninsula Hot Springs has recently developed a series of new buildings including two saunas, an ice cave, kiosk and amenities.

BUILDER

Lloyd Group

ARCHITECT

Tessellate

LOCATION

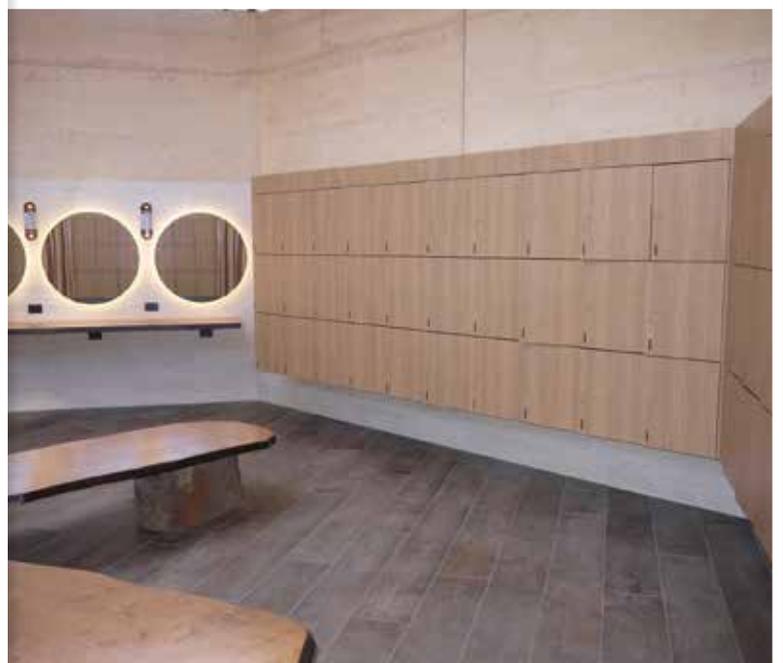

Fingal, Victoria

SCOPE

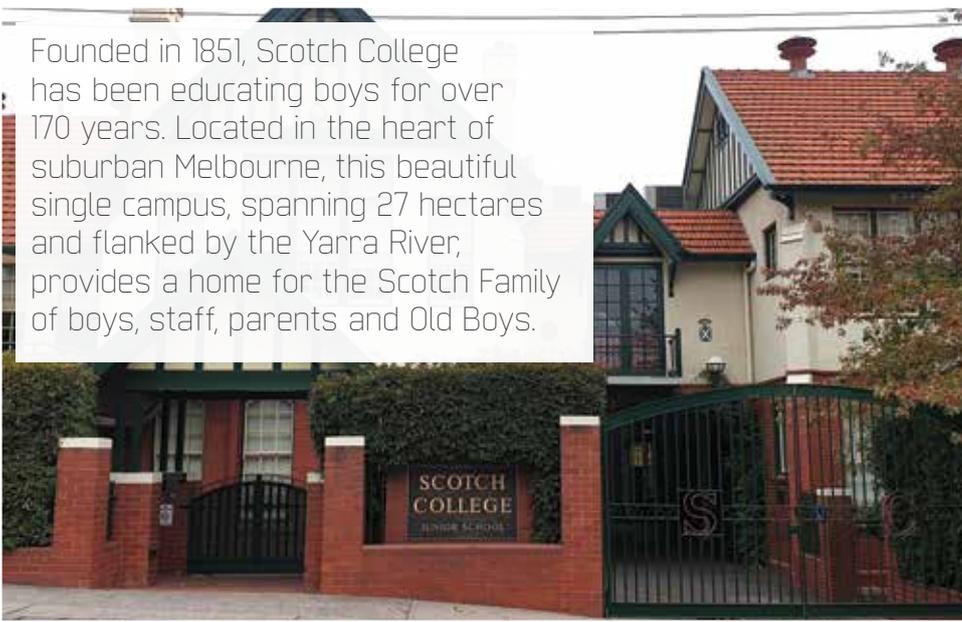

IntraSpace was recommended to do the Locker fitout at the Victorian Hot Springs by Lloyd Group, who was the managing contractor.

The scope required a locker that would be compatible with the environment, and also allow for hard wired locking system Gantner.

The lockers in the new Bath House Amphitheatre complemented the minimalist decorative design while harmonising with the stunning architectural features of this fitout.

Founded in 1851, Scotch College has been educating boys for over 170 years. Located in the heart of suburban Melbourne, this beautiful single campus, spanning 27 hectares and flanked by the Yarra River, provides a home for the Scotch Family of boys, staff, parents and Old Boys.

BUILDER

Scotch College

ARCHITECT

Rudds Consulting Engineers

LOCATION

Hawthorn, Melbourne

SCOPE

IntraSpace were engaged to deliver a locker solution to withstand the riggers of teenage boys but could then be washed and cleaned at the end of each term. Our Heavy Duty Plastic Lockers with sloping tops were the right solution that was able to incorporate digital locks and a keyless combo lock.

The Chirnside Park oval, now renamed Avalon Airport Oval is home to the VFL team of Werribee Football Team.

BUILDER

Devco

ARCHITECT

JMA Architects

LOCATION

Werribee, Victoria

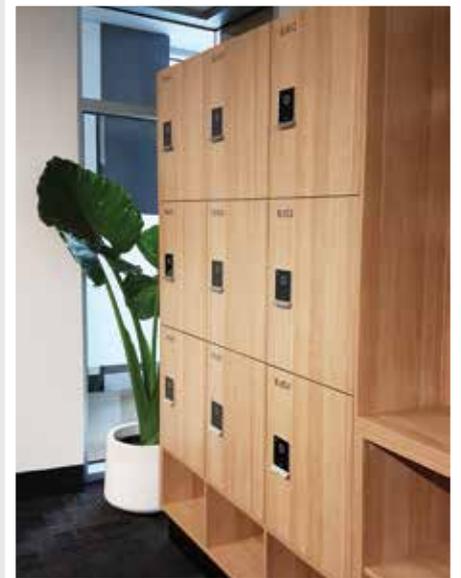

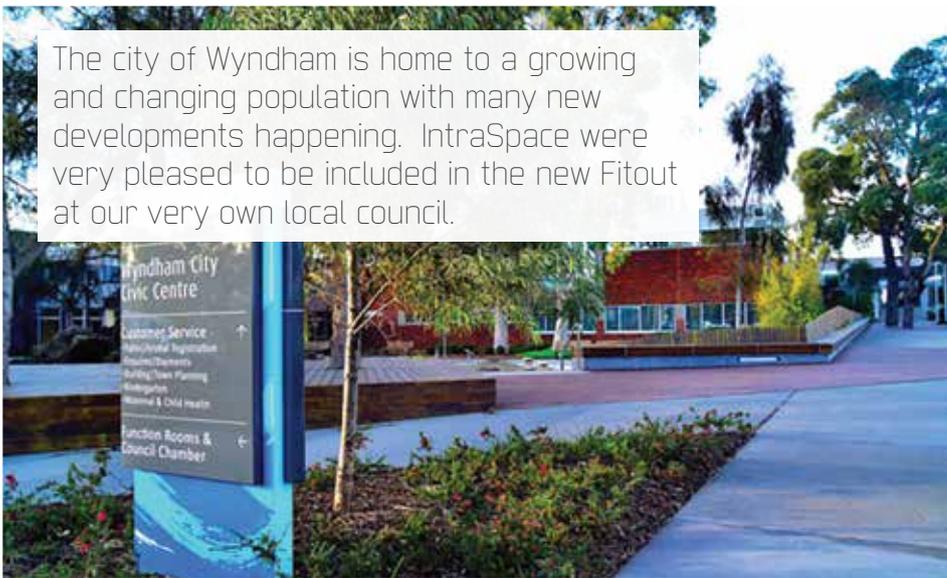

SCOPE

Werribee Football Club engaged IntraSpace to supply all loose furniture, office fitouts, massage tables, seating, flip tables, boardroom table and chairs, and more.

Our team assisted with colour selection and design, provided sample choices and installed on time and on budget. To show our support to this local facility, IntraSpace donated one of the Medical Beds for the Medical Rooms.

The city of Wyndham is home to a growing and changing population with many new developments happening. IntraSpace were very pleased to be included in the new Fitout at our very own local council.

BUILDER

FDC Construction

ARCHITECT

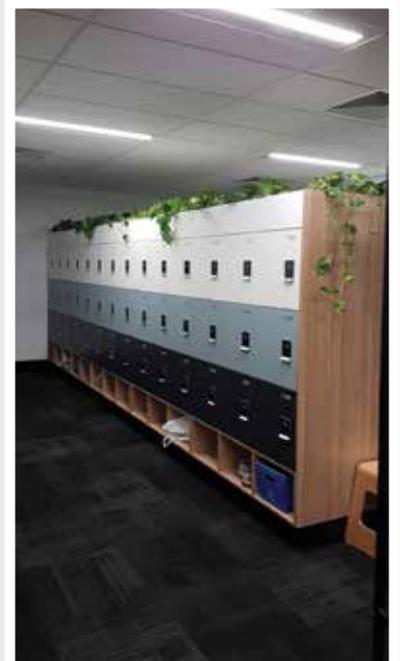

Geyer Design

LOCATION

Werribee, Victoria

SCOPE

The major locker Fitout included over 170 three tier lockers, all fitted out with Ojmar RFID locks, each locker also included its own Qikfit GPO/Tuf unit. Planter boxes were fitted to the top of the lockers to add that touch of greenery with plants falling down at the ends of the locker units. For storage of staff coats a custom coat cupboard was included in the installation.

Whatever project you are involved in,
you need persons with experience that
can help you get it right the first time
...because Space is Valuable!
