

The Cycla Hoop Compact is a hard-wearing and economical solution for safe and secure bicycle parking with a narrower design. The product features a heavy-duty hoop construction designed to allow both bicycle wheels and frame to be firmly locked.

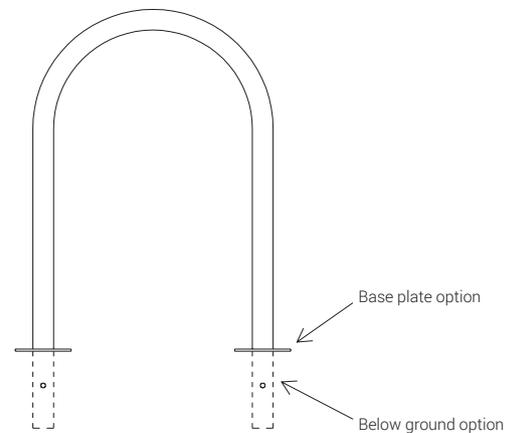

With its elegant and functional design, the Cycla Hoop Compact is ideal for outdoor public spaces and campuses.

Product features

- Economical and fit for purpose
- Conforms to AS2890.3-2015 Class 3 security
- Heavy duty construction
- Bolt-down surface mounted design or fixed below-ground design
