

The Elkay Vandal-Resistant EZH2O is a filtered and chilled drinking fountain and bottle refill station featuring an extra heavy-duty wall-mounted design suitable for both outdoor and indoor applications.

The unit quickly delivers a smooth water bottle fill whilst enhancing sustainability by reducing the user's dependency on disposable plastic bottles. The EZH2O bottle refill outlet is push button activated with an automatic 20-second shut off timer, while the built in Green Ticker counts the quantity of bottles saved from waste.
