

Pictured: Aquafil FlexiFountain 2100B, Lake Wendouree (VIC)

Elegant yet hard-wearing, the 2100mm-high FlexiFountain bottle refill station is our tallest drinking water dispensing product designed for visual prominence in outdoor public environments.

The anti-bacterial drinking bottle nozzles deliver clean and hygienic water drinking water, with the added option of an inbuilt water filter. Large-scale customisable signage panels, combined with a robust, vandal-resistant design, make the unit an ideal solution for outdoor community and local council spaces.
