

# T5V Threshold

Going (width):	61mm
Insert:	51mm
Thickness:	2.9mm

## T5V

The T5 is a 61mm Threshold Strip for fitting to the edge of hard surfaces, provided with a 51mm vinyl insert drilled and countersunk or punched @300mm centres. Can be glued and/or mechanically fixed.

The Threshold comes in 3060mm lengths which can also be cut to custom lengths to suit your dimensions. Offers slip resistant protection to reduce the risk of accidents and injuries. The Threshold highlights the leading edge of the stair.

Suitable for internal applications only. The Threshold can be easily retro-fitted.

The standard in-fill colour is black.
