Craquelle Victorian Tiles

Craquelle Victorian Tiles

Trends that set the scene

Craquelle Victorian tiles are a classic, everlasting product available in 14 inspired colours and finished in a unique crackle glaze. These Victorian tiles embody traditional styles with a vintage look and feel.

Interior trends are constantly changing, but the consistent use of colour and texture in a space is fundamental. Craquelle Victorian tiles will give a depth to your space that is subtle but beautiful. Create a dynamic and valuable finish in your home kitchen, bathroom or fireplace.

Opportunities to create a unique aesthetic within a commercial interior are also possible- from warm earth tones to cool blues, there is a colour that will inspire design concepts for hotels, bars and restaurants.

Applications

Craquelle Victorian tiles are popular wall tiles used in both residential and commercial settings. Commonly featured in kitchen splashbacks, bathrooms and in the restoration of non functioning fireplaces, they are also perfect feature tiles for commercial interiors.

Bathroom

A unique and timeless wall tile finish, our Craquelle Victorian tiles are a beautiful addition to any bathroom. Featured along side embossed or more traditional decorative moulded pieces, you can create an authentic Victorian or Art Deco style bathroom. For a more contemporary look and feel, select a single tone for the walls and pair it with modern fittings and fixtures.

Kitchen Splashback

Kitchens are an extension of our living space, designed to be functional but finished to be luxurious. Craquelle Victorian tiles can be used as a splashback tile, bringing luxury and beauty into your kitchen design.

Fireplace

Craquelle Victorian tiles are used to rest existing period fireplaces. Applied to the hearth or the surround of a non-functioning fireplace, they are often coupled with hand moulded and painted decorative tiles.

Aesthetics

Craquelle Victorian tiles are known and also referred to as crackle tiles. This intentional 'crazing' effect is caused by the thermal expansion, the cracks appearing as the surface glazing cools. The gloss finish of the tile allows for the effective reflection of light creating a luminous surface. With the added element of texture in the crackle, any surface finished in our Craquelle Victorian tile will bring elegance and subtle glamour into your design.

Manufactured to the proportions of the original American subway tile and with a thickness of 9.5mm, there is no limit to the variety of patterns that can be created on installation. From chevron to stacked or a more traditional brick pattern, each will provide a unique finish and aesthetic.

Decor Colours

Our Craquelé Victorian tiles come in 14 decor colours to complement classic traditional styles or modern contemporary designs. Choosing the right colour can enhance the look of your creative design and make your space a remarkable piece of work.

Black

A strong achromatic colour that represents luxury and sophistication.

Tips for use; Contrast against a bright colour or combine it with a white for a bold, classic statement.

Bottle Brown

A nature-inspired tone, that draws on earthy connotations.

Tips for use; Works harmoniously with warm tones and can be contrasted with softer whites.

Honey

A striking deep dark amber tone.

Tips for use; Works harmoniously with warm tones and can be contrasted with softer whites.

Light Honey

A lighter honeycomb tone.

Tips for use; Works harmoniously with warm tones and can be contrasted with softer whites.

Burgundy

A rich deep reddish-brown that represents timelessness and elegance in design.

Tips for use; Works beautifully with shades of grey and can be paired with teal, gold, or yellow.

Heritage Green

A dark mix of yellow and green, a colour that brings nature into your living space and symbolises calmness.

Tips for use; Greens can be combined with both warm and cool hues making it a very versatile colour.

Dark Green

A bold green that presents a classic look and feel.

Tips for use; Greens can be combined with both warm and cool hues making it a very versatile colour.

Light Green

A softer, pastel tone.

Tips for use; Greens can be combined with both warm and cool hues making it a very versatile colour.

Dark Teal

A stylish defined, deep blue-green that evokes a sense of calmness.

Tips for use; Coordinate with white to create a classic look.

Light Teal Blue

A lighter, cooler blue that evokes a summer vibe.

Tips for use; Create vibrant and strong colour combinations with orange, gold and purple.

Dark Blue

A brilliant blue that evokes drama and is very dynamic.

Tips for use; Create bold combinations with orange and green.

Sky Blue

A fresh and playful blue.

Tips for use; Pair with cream, white and gold.

Victorian Ivory

A warm off-white that provides the perfect base for any design concept.

Tips for use; Complement with grey or contrast with red, blue or gold.

Victorian White

The lightest achromatic colour, that provides a backdrop to all design.

Tips for use; Immerse yourself in white to create crisp, clean and minimalist spaces, or use as a canvas and combine it with any other colour.

Technical information

* Craquelle Victorian tiles are required to be sealed when applying to areas with high water usage.

* Craquelle Victorian tiles are to be applied to non functioning fireplaces.
