Ceiling Panels

Skile ceiling panels are the most popular Skile product. They are designed to bring the feeling of nature into your interior spaces. There are a wide range of applications for these products: they can boost patients' moods in hospitals, decorate shopping centres, liven-up the environment for office workers, or bring the beauty of nature into your homes.

Australian Safety certificate:

SAA approval

Electrical

LED: 24 - 48V DC

Power supply: 200-240V

AC input

Panel size:

600 x 600

600 x 1200

Wall Panels

Skile wall panels have essentially the same benefits as the ceiling panels with different applications, for example they can show views of the beach, marine life etc.

The Wall Panels bring nature to your room with a vast range of beautiful images.

LED: 24 - 48V DC

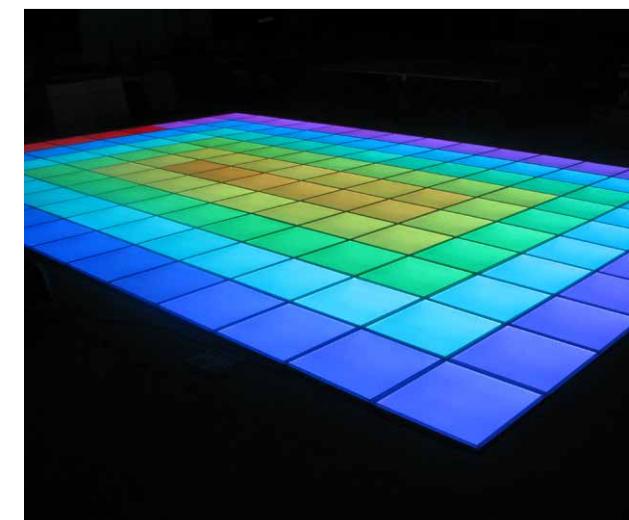

Power supply: 200-240V

AC input

Panel size:

600 x 600

600 x 1200

Floor Panels

Skile floor panels are widely used to decorate dance floors, dressing rooms, hallways, hotel lobbies, shops etc. They come in plain white or changing RGB (Red, Green & Blue) colours. Skile panels are powered by high efficiency LEDs, designed and built to last to 50,000 hours. Smooth light through out the panel with no glare or strobe delivers elegant pictures.
