

The Knauf logo is positioned in the top right corner of the image. It consists of the word "KNAUF" in a bold, blue, sans-serif font, with a slight italicization. The background of the entire image is a light gray perforated ceiling panel, with a wooden slat ceiling visible in the bottom left corner.

KNAUF

STRATOPANEL[®]
BY KNAUF

With CLEANEO Technology

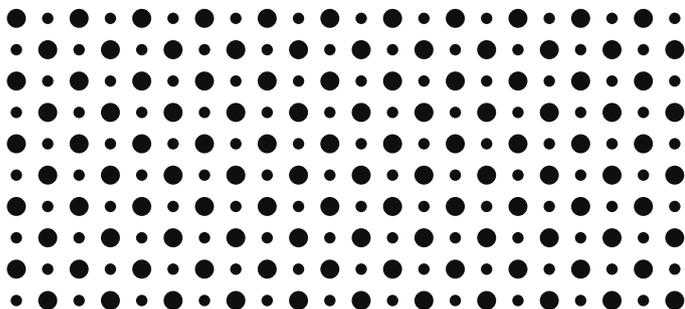

STRATOPANEL® BY KNAUF IS A UNIQUE ACOUSTIC CEILING LINING WITH BUILT-IN AIR PURIFYING CLEANEO TECHNOLOGY

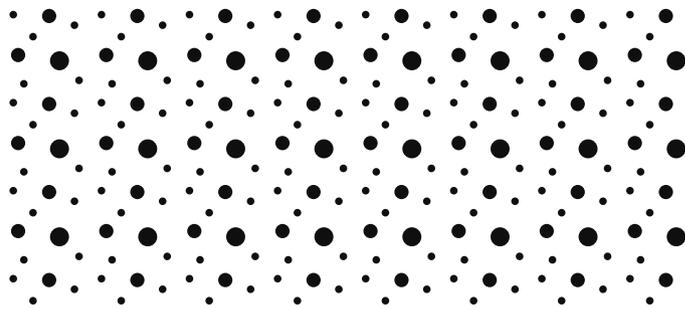

Stratopanel meets the high level of acoustic performance required for commercial areas such as offices, hospitals, gymnasiums and restaurants.

- Excellent sound absorption properties provide superior acoustic comfort
- Continuous perforations create a seamless appearance
- Easy application with UFF edge as standard
- Unique built-in air purifying CLEANEO Technology that reduces odours and airborne pollutants to help improve the overall quality of indoor air

TECHNICAL ASSISTANCE

TecASSIST™ – 1800 811 222

There are many variables that can influence construction projects, which affect whether a particular construction technique is appropriate. Before proceeding with any project, we recommend you obtain professional advice to ascertain the appropriate construction techniques to suit the particular circumstances of your project. We recommend you use qualified tradespersons to install this system.

The technical information contained in this manual was correct at the time of printing. Building systems, details and product availability are, however, subject to change. To ensure the information you are using is current, Knauf recommends you review the latest building information available on the Knauf website.

For further information, contact TecASSIST™ or your nearest Knauf sales office.
