

Roof-assurance One roofing system, one supplier

It's time to consider the full offering from Fletcher Insulation

Designing a roof system with the most suitable products in mind is critical, not only in terms of compliance and building longevity, but also with the assurance of available service and technical support. Splitting product orders across multiple suppliers can result in additional delivery costs, site delays and disputed warranty claims.

One comprehensive system from one supplier means you always have one place to go to, and that's reassuring. At Fletcher Insulation, it is known as 'roof-assuring'.

Fletcher Insulation offers a complete roofing system that includes:

Permastop® and Permatuff™

reflective faced
building blanket

Roof Razor®

the insulation
roof spacer system
to meet NCC

Roof sarking

vapour and
non-vapour
permeable

Safety mesh

long term fall protection for
roofing installers and building
maintenance workers.

Tape

recommended when installing
building blanket products to
ensure the integrity of the vapour
barrier in the roofing system.

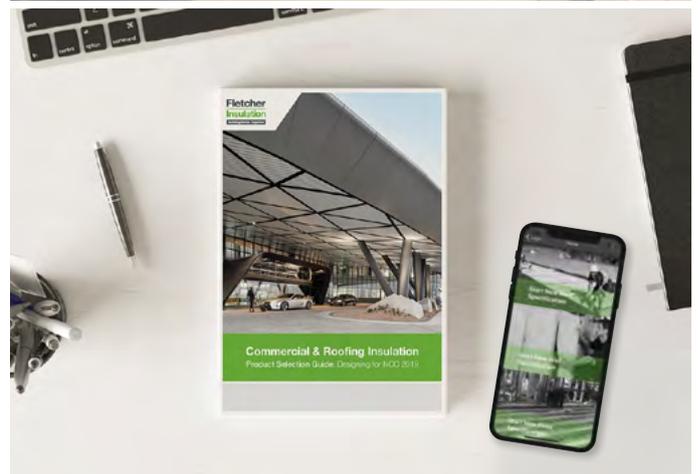

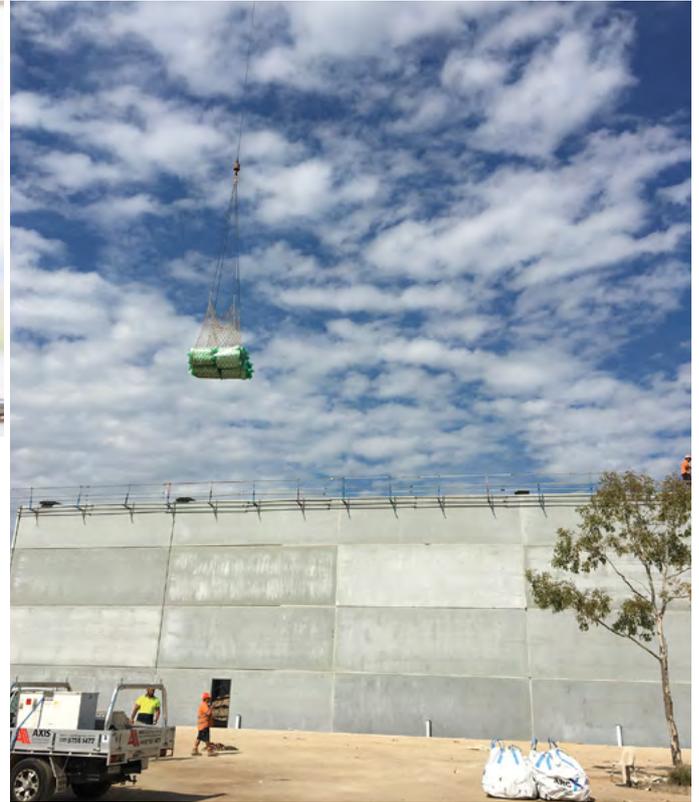

Peace of mind

With an integrated supply chain, Fletcher Insulation ensures you receive the products you need, when and where you need them.

Customer service can assist to place orders, and then track and confirm to give you delivery certainty and the dedicated technical team at Fletcher Insulation also assists with project specifics including thermal performance, fire resistance, acoustic performance and condensation. With the available tools, team members and design guides to help you select the right product for your application, rest assured that Fletcher Insulation is the one supplier for your roofing project.

For all your roof insulation needs and accessories call Fletcher Insulation on 1300 654 444 or refer to insulation.com.au
